

One- Day Basic Paediatric First Aid Course

Description

A one day course to give a basic certificate in Paediatric First Aid. Those working with children should consider having one or two people per group who undertake the two day course which meets OFSTEDs latest recommendations.

Duration

A 6 hour course consisting of practical and theory work.

Syllabus

A range of subjects is covered including:

- Principles of First Aid
- Resuscitation
- Control of Bleeding
- Unconsciousness and choking
- Burns and scalds
- Minor injuries including nose bleeds, cuts and bruises, and epilepsy
- Contents of First Aid boxes
- Accident book, COSHH and Health & Safety Law
- Anaphylaxis
- Meningitis and convulsions

If your organisation has a specific area of training that is not included, or you require a more in- depth session, then we can accommodate you by providing training in that particular subject.

Certification

As a competency based course, students will be assessed throughout the whole course. This qualification is valid for 3 years.

Numbers

A maximum of 12 students can be accommodated on this course..

Location

We are able to deliver this course on your site, subject to adequate room space reducing your costs in respect of additional time out and travelling.
